O. Reg. 501/87, s. 20.

21. Where a by-law of a county passed under subsection 365 (6) of the *Municipal Act* is amended by a by-law passed under subsection 365 (9) of that Act, the amending by-law shall specify the amount to be provided by each supporting municipality within the county in 1987. O. Reg. 501/87, s. 21.

22.—(1) Where the Ontario Municipal Board, upon an appeal under subsection 365 (11) of the *Municipal Act*, determines that the equalization factor, the residential and farm assessment, commercial assessment, or the equivalent assessment, as determined under this Part, of one or more supporting municipalities within a county should be altered, or an adjustment of percentage shares is made by the Ontario Municipal Board under subsection 365 (18) of that Act or the clerk of a county receives written notification from the clerk of a supporting municipality indicating a revision to the statement supplied in accordance with section 14, the treasurer of the county shall determine what the responsibility of each supporting municipality would have been in accordance with sections 15 to 17 and section 19 and the council of the county shall, by amending the by-law passed under subsection 365 (6) of the *Municipal Act*, adjust accordingly the amounts to be provided by each supporting municipality.

(2) Where as a result of an appeal to the Ontario Municipal Board the treasurer of the county alters for the year 1987 the percentage share of responsibility for a supporting municipality as described in subsection (1) or the council of the county amends its apportionment by-law in accordance with section 20, the Ministry of Municipal Affairs shall redetermine the grant eligibility of each supporting municipality within the county in accordance with subsections 18 (1) and (2), and the Minister shall adjust the amount payable to each supporting municipality under subsection 18 (3) accordingly. O. Reg. 501/87, s. 22.

23.—(1) Sections 14 to 22 do not apply to the

County of Brant and the supporting municipalities within the County.

(2) The County of Brant shall raise the annual sum required for county purposes in accordance with subsections 368e (2) to (8) of the *Municipal Act*.

(3) For the purpose of determining grant eligibility within the County of Brant, the Ministry of Municipal Affairs shall determine in respect to each supporting municipality,

- (a) the dollar amount obtained by multiplying the residential and farm assessment contained on the last returned assessment roll by the uniform residential and farm rate of 16.943 prescribed for county purposes in 1986 and dividing the result by 1,000;
- (b) the dollar amount obtained by multiplying the residential and farm assessment, prior to the assessment update, as set out in Column 2 of Schedule 4 by the actual rate levied on residential and farm assessment for county purposes in 1986 and dividing the result by 1000;
- (c) the dollar change obtained by subtracting the dollar amount obtained in clause (a) from that determined under clause (b).

(4) If the dollar change obtained under clause (3) (c) is greater than zero, that amount correct to the nearest dollar represents the apportionment guarantee grant entitlement for that supporting municipality.

(5) The Ministry of Municipal Affairs shall notify the treasurer of the supporting municipality of the amount of the apportionment guarantee grant, determined under subsection (4), and the Minister shall pay to the supporting municipality such amount.

(6) The amount payable under subsection (5) in respect of the annual sum refunded for county purposes shall be deducted by the supporting municipality from the 1987 taxes otherwise payable by the residential and farm ratepayers. O. Reg. 501/87, s. 23.

PART III

CONSERVATION AUTHORITIES

24.—(1) In this Part,

“apportionment” means an apportionment made by a conservation authority among the municipalities within the conservation authority area of an amount required for the purposes of the conservation authority under the *Conservation Authorities Act*;

“discounted equalized assessment of a conservation authority” means the total of the discounted equalized assessments of all municipalities within a conservation authority area;

"municipality" means a regional municipality, supporting municipality, city or separated town;

"municipality within a conservation authority area" means a municipality that is located wholly or partly within a conservation authority area and against which an apportionment is to be made in 1987 by the conservation authority.

(2) Where only part of a municipality against which an apportionment is made by a conservation authority in 1987 is located within the conservation authority area, the discounted equalized assessment for that part of the municipality shall be deemed to be the discounted equalized assessment for the whole municipality for the purposes of this Part.

(3) For the purpose of this Part, the discounted equalized assessment of a regional municipality is the sum of the discounted equalized assessments of the municipalities within the regional municipality. O. Reg. 501/87, s. 24.

25. In 1987, the Ministry of Natural Resources shall determine in respect of each conservation authority,

- (a) the discounted equalized assessment of each municipality within the conservation authority area; and
- (b) the discounted equalized assessment of each conservation authority. O. Reg. 501/87, s. 25.

26. The Ministry of Natural Resources shall, in respect of each conservation authority, determine the 1987 percentage share of apportionment, correct to four decimal places, for each municipality within the conservation authority area by dividing the discounted equalized assessment of each municipality, as determined under clause 25 (a), by the discounted equalized assessment of the conservation authority, as determined under clause 25 (b), and multiplying the result by 100. O. Reg. 501/87, s. 26.

27. The discounted equalized assessment determined under section 25 and the respective 1987 percentage share of apportionment determined for each municipality under section 26 shall be substituted for the equalized assessment in the notice of the equalized assessment that is provided to the conservation authority by the Ministry of Natural Resources under the Act establishing a conservation authority. O. Reg. 501/87, s. 27.

28.—(1) For 1987, the apportionment of the conservation authority levies among the municipalities within a conservation authority area shall be made on the basis of the percentages determined for each municipality under section 26.

(2) The Ministry of Natural Resources shall submit to each conservation authority to which subsection (1) applies a statement showing the information men-

tioned in clauses 25 (a) and (b) and the calculations which produced that information.

(3) A conservation authority shall, upon receipt of the statement referred to in subsection (2), forthwith forward a copy of the statement to the clerk of each municipality within the conservation authority area. O. Reg. 501/87, s. 28.

29. Each conservation authority shall forward to the Ministry of Natural Resources a statement showing the total amount apportioned for 1987 among the municipalities within the conservation authority area under the Act establishing the conservation authority, as modified by subsection 28 (1). O. Reg. 501/87, s. 29.

30.—(1) Where the equalization factor, the residential and farm assessment or the commercial assessment of one or more municipalities within a conservation authority area is altered by the Ontario Municipal Board upon an appeal under the Act establishing the conservation authority, notice of the altered equalization factor, residential and farm assessment, or commercial assessment, as the case may be, shall be given forthwith by the clerk of the municipality to the Ministry of Natural Resources.

(2) Upon being satisfied that all appeals of the equalization factor, the residential and farm assessment or the commercial assessment of all municipalities within a conservation authority area have been determined and that all notices under subsection (1) have been received, the Ministry of Natural Resources shall, using the altered equalization factor, residential and farm assessment, or commercial assessment, as the case may be,

- (a) make the determinations required under sections 25 and 26; and
- (b) revise the notice and information to be supplied under sections 27 and 28.

(3) When a conservation authority receives a notice revised by the Ministry of Natural Resources under clause (2) (b), the conservation authority shall amend the apportionment of the total sum required for conservation authority purposes among the municipalities within the conservation authority area on the basis of the adjusted discounted equalized assessments. O. Reg. 501/87, s. 30.

PART IV

GENERAL

31.—(1) Where any Act requires the Ministry of Revenue or the Ministry of Municipal Affairs to equalize assessment rolls or parts of an assessment roll that relate to two or more defined areas within a supporting municipality, the Ministry of Municipal Affairs shall, in equalizing each assessment roll or each

part of the assessment roll, as the case may be, for purposes of municipal taxation in 1987, use the same equalization factor as was used to equalize such assessment roll or such part of the assessment roll for purposes of municipal taxation in 1979.

(2) Subsection (1) does not apply to a supporting municipality where there has been a different assessment generally of real property within that supporting municipality under section 63 of the *Assessment Act*. O. Reg. 501/87, s. 31.

32.—(1) Where the Ministry of Municipal Affairs, Ministry of Revenue or Ministry of Natural Resources, as the case may be, determines in respect of a regional municipality, county or conservation authority that any calculation made under this Regulation was made incorrectly or was based on incorrect information, the Ministry of Municipal Affairs may correct the calculation and may determine the amount that would have been payable to the supporting municipalities within the regional municipality, county, or conservation authority area by the Ministry of Municipal Affairs under this Regulation if the calculation had been correct and the grant amounts payable under Part I or II may be adjusted accordingly.

(2) Where a determination is made under subsection (1) in respect of an apportionment and levy of a regional municipality, county or conservation authority, that apportionment and levy shall be adjusted in accordance with the corrected calculations and any overpayment or underpayment by a supporting municipality shall be corrected in the same manner as it is corrected following an appeal of a county apportionment by-law or of a discounted equalized assessment being used for apportionment purposes, whichever is applicable. O. Reg. 501/87, s. 32.

33. Where, under this Regulation, an adjustment is made by the Ministry of Municipal Affairs or Ministry of Revenue, as the case may be, in the grant amounts payable by the Minister of Municipal Affairs to a supporting municipality under Part I or II, and where the Ministry of Municipal Affairs determines as a result of the adjustment that an overpayment has been made to the municipality, it shall notify the municipality of the amount of the overpayment and the amount of the overpayment shall be paid forthwith by the municipality to the Ministry of Municipal Affairs. O. Reg. 501/87, s. 33.

34. This Regulation applies to apportionments and levies made on or after the 1st day of January, 1987.

REGULATION TO AMEND ONTARIO REGULATION 382/84 MADE UNDER THE HEALTH PROTECTION AND PROMOTION ACT, 1983

1. Ontario Regulation 382/84 is amended by adding thereto the following section:

8a.—(1) Notwithstanding section 1, the Minister may pay grants to a board of health in an amount equal to 100 per cent of the expenses incurred in providing the dental treatment services set out in the Schedule to eligible children.

(2) For the purposes of subsection (1), a child is an eligible child if,

- (a) the child is in kindergarten or in any of grades 1 to 8, inclusive;
- (b) the parents or guardians of the child have no insurance or other form of coverage in respect of the services set out in the Schedule;
- (c) the parents or guardians of the child make a declaration that the cost for dental treatment services would constitute financial hardship;
- (d) the child has been assessed by a dentist or dental hygienist under a program established under Ontario Regulation 516/84 as requiring immediate or urgent dental care for conditions causing pain, infection, haemorrhage, trauma or pathology or conditions that would imminently lead to pain or infection; and
- (e) in the case of the dental services set out in Part 2 of the Schedule, the dental director for the board of health determines that the services are necessary.

(3) Notwithstanding subsection (2), a child is not an eligible child if the child,

- (a) is a recipient as defined in clause 1 (h) of the *General Welfare Assistance Act* or is a depen-

dant as defined in clause 1 (1) (e) of Regulation 441 of Revised Regulations of Ontario, 1980 (General);

- (b) is a beneficiary as defined in clause 1 (c) of the *Family Benefits Act* and who is entitled to dental services under an agreement between the Crown in right of Ontario and the Ontario Dental Association under section 22 of Regulation 318 of Revised Regulations of Ontario, 1980 (General); or

- (c) is receiving residential services from a service provider under the *Child and Family Services Act, 1984* and the service provider makes dental care available for the child.

(4) Nothing in this section prevents a board of health from providing the services set out in the Schedule to a child referred to in subsection (3) on behalf of the Ministry of Community and Social Services.

(5) The payment of a grant is subject to the following conditions:

1. The board of health shall ensure that the dental services set out in the Schedule are made available to an eligible child as described in subsection (2).
2. The board of health shall issue a form authorizing work to be done, which form is valid for a six month period from the date of the issuance of the form.
3. The dental work authorized by a board of health shall be carried out by a dentist who is the holder of a licence to practice dentistry under Part II of the *Health Disciplines Act* and who,
 - i. has agreed to charge not more than the amounts set out in the Schedule,
 - ii. has agreed to seek payment only from the board of health and not from the parents or guardian of the child,
 - iii. has agreed to follow the directives set out in the Schedule, and
 - iv. submits to the board of health a completed claim form for the payment of services performed. O. Reg. 515/87, s. 1.

PROSTHODONTIC SERVICES
Prosthodontics - Removable

PREAMBLE

1. This service is the provision of an artificial substitute for living tissue.
2. Professional skill used to provide the method of substitution is the essence of this health service, rather than the artificial component (denture).
3. There are two distinct and identifiable integral components necessary for the provision of this health service:
 - (a) Physiological component - requiring professional skill,
 - (b) Technical component - requiring laboratory procedures.
4. The significance of this service is in the preservation of the oral tissues supporting the artificial denture.
5. The value of this service is in the replacing of tooth function to the maximum possible range.

The following parts A and B on Clinical Procedures for Complete and Removable Partial Dentures, and the outlines for prosthetic procedures as related to the Fee Guide are designed to fulfil the principles outlined above. It will be noted therefore, that diagnostic services are emphasized by reference to the appropriate diagnostic procedure for each denture service being rendered.

PROSTHODONTIC SERVICESPROSTHODONTICS - FIXEDPREAMBLEA. AIMS OF FIXED PROSTHODONTIC SERVICES

- 1.) The restoration of diseased or missing teeth or parts of teeth.
- 2.) The maintenance of the restored teeth and their surrounding supporting structures in a normal healthy condition for as long a time as possible.
- 3.) The prevention of further injury to the restored teeth.
- 4.) The correction of abnormal oral conditions whether they be cosmetic, functional (occlusal) and/or periodontal (as in periodontal prosthetics).

B. EXTENSIVE OR COMPLICATED RESTORATIVE DENTISTRY

In order to qualify as "extensive or complicated restorative dentistry" a restorative treatment plan should include or encompass some or all of the following considerations:

- 1.) Multiple units in opposing quadrants.
- 2.) Major changes in the occlusal plane.
- 3.) The opening or closing of vertical dimension with fixed restorations.
- 4.) Repositioning of the mandible; i.e. a correction of the acquired occlusion to centric relation by means of fixed restorations.
- 5.) Bridgework of three abutments or more which begins in one posterior quadrant and ends in the anterior segment or in the opposite posterior quadrant.
- 6.) Development of major changes in incisal guidance.

- 7.) Development of major changes in occlusal morphology.
- 8.) Extensive splinting of mobile teeth.
- 9.) Major restorative dentistry for treatment of temporomandibular joint and myo-facial pain syndrome.

C. GUIDELINES FOR PROCEDURAL REQUIREMENTS FOR FIXED PROSTHODONTIC SERVICES

- 1.) Procedural requirements for three to four unit fixed prosthesis and multiple adjacent units.

The following requirements shall be considered necessary to constitute acceptable treatment:

- a) The same requirements as those for a single unit (refer to CROWNS - Preamble) with the addition of:
- b) Centric and eccentric occlusal records and the programming of a semi-adjustable articulator or the use of a functionally generated path technique.
- c) Abutment design, preparation and retainer construction in a manner compensating for the additional stress on the prosthesis.
- d) Paralleling of the abutments or the judicious use of broken stress principles when necessary. (Broken stress techniques may have to be at an additional fee).

- e) Assessment of the necessity for:
 - i) occlusal correction of a total quadrant or total mouth occlusal correction as opposed to correction of one or two opposing teeth as in the single unit.
 - ii) correction of tissue around all abutments and ridge area for proper pontic design.
 - iii) complete mouth periodontal treatment.
- f) Design of pontics and the total prosthesis to provide sufficient strength to resist moments of bending and to provide acceptable cosmetic appearance, function and protection of the surrounding tissues.
- g) Provisional restoration in accordance with requirements for single restorations and in addition, the requirement to maintain abutment relationships through the provision of pontics and the restoration of proximal contact.
- h) Diagnostic casts, refer to Codes 04510 or 04520
- i) Complete series periapical films - refer to Code 02100

"For the transportation of goods for Snider Dock Services Limited, from its installations at Port Colborne to the international boundary at the Niagara River, for furtherance to points in the United States of America and by shipment from points in the United States of America from the international boundary at the Niagara River to the said installations at Port Colborne".

The Ontario Highway Transport Board will hear the above application at its Chambers, Britannica House, 151 Bloor Street West, 10th Floor, Toronto, Ontario, on Friday, the 20th day of November, 1987 at 10.00 a.m. E.S.T.

- (b) if the public has been misled by the terms of the application.

Persons wishing to make submissions to the Board regarding this application shall notify the Board and the applicant of their intention to appear at least 15 days prior to the hearing date.

ENVIRONMENTAL ASSESSMENT ACT

O. Reg. 551/87.

Exemption—Toronto Area Transit Op-
erating Authority (GO TRANSIT)—
GT-1.

Made—September 2nd, 1987.

Approved—September 2nd, 1987.

Filed—October 1st, 1987.

ORDER MADE UNDER THE ENVIRONMENTAL ASSESSMENT ACT

EXEMPTION—TORONTO AREA TRANSIT OPERATING AUTHORITY (GO TRANSIT)—GT-1

Having received a request from GO Transit that an undertaking, namely:

the acquisition of approximately 25 acres of land for the future development of a rail or bus station in the City of Oshawa, located on the southeast

quadrant of the Stevenson Road, Gibb Street intersection

be exempt from the application of the Act pursuant to section 29, and

Having been advised that if the undertaking is subject to the application of the Act, the following injury, damage or interference with the persons and property indicated will occur:

The existing property is presently for sale with offers or conditional offers in effect. If this property is sold and developed, the cost to acquire and redevelop or demolish a development will be significantly more than the cost of acquiring the property as existing vacant land at the present time and may result in the location being no longer feasible. The environmental implications of relocating to another site are unknown and could be significant.

Having weighed such injury, damage or interference against the betterment of the people of the whole, or any part of Ontario by protection, conservation and wise management of the environment which would result from the undertaking being subject to the Act;

The undersigned is of the opinion that it is in the public interest to order and orders that the undertaking is exempt from the application of the Act for the following reasons:

- A. The original GO-ALRT Oshawa Project was subject to the *Environmental Assessment Act*. An Environmental Assessment was completed (dated December 1983) and filed with the Minister of the Environment in 1984. Formal approval was received in 1985 for all aspects of the project including a station at this location. In October 1985, the Ontario government made a decision to revert to conventional rail technology for this project which invalidated the Environmental Assessment approval.
- B. The change in technology from the GO-ALRT system to conventional rail does not change the location of the proposed station site.
- C. Studies are presently underway but are not expected to be completed until early 1988 to revise and update the Environmental Assessment document to address issues related to conventional rail technology. When completed, a further application will be submitted to the Minister of the Environment for approval under the *Environmental Assessment Act*.
- D. This order covers only property acquisition for the site.
- E. GO Transit will still be required to obtain the necessary *Environmental Assessment Act*

approvals for construction, operation and maintenance of the proposed station.

- F. If this property is not purchased now, the cost to acquire and redevelop or demolish possible developments will be significantly more than the cost of acquiring the property as existing vacant land and may result in the location being no longer feasible.

This exemption order is subject to the following terms and conditions:

1. No construction shall occur on the site before the appropriate approvals under the *Environmental Assessment Act* have been obtained.
2. This order expires on June 30th, 1988 or such later date as the Minister of the Environment may specify in writing to the proponent and in *The Ontario Gazette*. O. Reg. 551/87.

ENVIRONMENTAL ASSESSMENT ACT

O. Reg. 552/87.

Exemption—Ministry of Government Services—MGS-76.

Made—September 2nd, 1987.

Approved—September 2nd, 1987.

Filed—October 1st, 1987.

ORDER MADE UNDER THE ENVIRONMENTAL ASSESSMENT ACT

EXEMPTION—MINISTRY OF GOVERNMENT SERVICES—MGS-76

Having received a request from the Ministry of Government Services that an undertaking, namely:

the activities involved in the implementation of the Ministry of Correctional Services Head Office project at a site referred to as lots 447, 448, 449, 450, 21, 22, 523 and 524 R.P. No. 21, N.B. City of North Bay, District of Nipissing

be exempt from the application of the Act pursuant to section 29, and

Having been advised by the Ministry of Government Services that if the undertaking is subject to the application of the Act, the following injury, damage or interference with the persons and property indicated will occur:

- A. The Crown will be interfered with and damaged by the undue delay and expense required to prepare an environmental assessment for an activity for which adverse environmental impacts have not been identified.

Having weighed such injury, damage or interference against the betterment of the people of the whole or any part of Ontario by the protection, conservation and wise management of the environment which would result from the undertaking being subject to the application of the Act;

The undersigned is of the opinion that it is in the public interest to order and orders that the undertaking is exempt from the application of the Act for the following reasons:

- A. The proposed undertaking will have no significant adverse effects on the environment.
- B. The recognition of the heritage factor associated with the retention and re-use of the building envelope of the former Teacher's College structure in the proposed development has been accepted as appropriate by the Ministry of Citizenship and Culture through consultations with the Ministry of Government Services.

This exemption is subject to the following terms and conditions:

1. Where any activity which otherwise would be exempt under this order is being carried out as or is part of an undertaking for which an environmental assessment has been accepted and approval to proceed received, the activity shall be carried out in accordance with any terms or conditions in the approval to proceed as well as the conditions of this order.
2. Where any activity which is the subject of this order is being carried out as or is part of another undertaking which is the subject of an exemption order under the Act, the activity exempt under this order shall be carried out in accordance with any terms or conditions in the other exemption order as well as the conditions in this order.
3. The Ministry of Government Services will undertake the re-use and development of the former Teacher's College building and site in a manner that is sympathetic to the goals and objectives of the Ministry of Citizenship and Culture.
4. The Ministry of Government Services will arrange for the provision by itself or others of sufficient off-street parking spaces in the vicinity of the new Head Office for use of people working or attending there to satisfy

the standards for parking in the Municipal by-laws.

5. This order expires on December 31st, 1988 if construction has not commenced by that date. O. Reg. 552/87.

ENVIRONMENTAL ASSESSMENT ACT

O. Reg. 567/87.

Exemption—Gloucester Hydro-Electric

Commission—GLOU-C-2.

Made—September 30th, 1987.

Approved—September 30th, 1987.

Filed—October 9th, 1987.

ORDER MADE UNDER THE
ENVIRONMENTAL ASSESSMENT ACTEXEMPTION—GLOUCESTER HYDRO-
ELECTRIC COMMISSION—GLOU-C-2

Having received a request from the Gloucester Hydro-Electric Commission that an undertaking, namely:

the activity of planning, designing, constructing, operating and maintaining a new electrical transformer substation to transform power from 115 kV to 27.6 kV, on a site described as Block 9 of Plan 4R-5018 in Lot 23, Concession 2, Ottawa Front in the City of Gloucester,

be exempt from the application of the Act pursuant to section 29; and

Having been advised by the Gloucester Hydro-Electric Commission that if the undertaking is subject to the application of the Act, the following injury, damage or interference with the persons and property indicated will occur:

- A. The public will be interfered with and damaged since the level of service available from the proponent will be diminished and the reliability of the electrical distribution system will be adversely affected if future electrical distribution upgrading does not take place.
- B. The proponent and its customers will be interfered with by the delay incurred by having to prepare an individual environmental assessment for an undertaking which will not adversely affect the environment.

Having weighed such injury, damage or interference against the betterment of the people of the whole or any part of Ontario by the protection, conservation

and wise management in Ontario of the environment which would result from the undertaking being subject to the application of the Act;

The undersigned is of the opinion that it is in the public interest to order and orders that the undertaking is exempt from the application of the Act for the following reasons:

- A. The public directly affected by the proposed project have been informed of the proponent's intentions and no concerns have been raised.
- B. The need for the project is well documented and information provided shows that environmental impacts will not be adverse.

This exemption is subject to the following terms and conditions:

1. The Gloucester Hydro-Electric Commission shall, not later than thirty days following the date on which construction commences, advise the Director of the Environmental Assessment Branch of the Ministry of the Environment in writing of that date. The letter shall be put on file with the public records kept under section 31 of the Act by the Branch at the Ministry's main office located at 135 St. Clair Avenue West, Toronto, Ontario M4V 1P5.
2. The exemption order shall expire if construction of the project has not commenced by June 30, 1988. O. Reg. 567/87.

ENVIRONMENTAL ASSESSMENT ACT

O. Reg. 576/87.

Exemption—Ministry of the
Environment—MOE-33/1.

Made—October 8th, 1987.

Approved—October 8th, 1987.

Filed—October 16th, 1987.

ORDER MADE UNDER THE
ENVIRONMENTAL ASSESSMENT ACTEXEMPTION—MINISTRY OF THE
ENVIRONMENT—MOE-33/1

Having received a request from the Regional Director, Central Region, Ministry of the Environment that an undertaking, namely:

The removal of lead-contaminated soil from residential and municipal properties in the vicinity of the Canada Metal Company Limited secondary lead smelter on Eastern Avenue in Toronto, hauling the soil to approved waste disposal sites, replacing it with uncontaminated top soil and restoring the properties to a condition approximating that which existed prior to the soil removal and completion of related clean up work inside and outside dwellings,

be exempt from application of the Act pursuant to section 29; and having been advised by the Regional Director Central Region, that if the undertaking is subject to the application of the Act, the following injury, damage or interference with persons and property indicated will occur:

- A. Since lead contaminated soil on residential and municipal properties poses a potential hazard to the health of pre-school aged children, there will be a prolonged exposure of these children to the potential hazard.
- B. The public will become increasingly uneasy over the continuing presence of lead contaminated soil in view of its potential hazard to pre-school aged children and the Ministry commitment to remove it.

Having weighed such injury, damage or interference against the betterment of the people of the whole or any part of Ontario by the protection, conservation

and wise management of Ontario of the environment which would result from the undertaking being subject to the application of the Act;

The undersigned is of the opinion that it is in the public interest to order and orders that the undertaking is exempt from the application of the Act for the following reasons:

- A. The lead-contaminated soil poses a potential hazard to the children of the area. Delays which would be engendered by the application of the Act to the removal program will add to the duration of this potential hazard. Therefore, it is in the public interest to replace lead contaminated soil in the area expeditiously without waiting for an environmental assessment approval.
- B. This Order is for the purpose of replacing O. Reg. 411/87 to clarify the description of the undertaking.

The exemption is subject to the following terms and conditions:

1. The Ministry, where appropriate, shall inform and consult with agencies, municipalities, public groups and the public, which have concerns with the undertaking before the commencement of the undertaking.
2. The Director, Central Region, Ministry of the Environment, shall advise, in writing, thirty calendar days after the completion of the undertaking, the Director of the Environmental Assessment Branch of the Ministry of the Environment, as to how the conditions of the exemption have been met, for filing with the public records kept under section 31 of the Act by the Branch at the Ministry's main office.
3. The Director, Central Region, shall designate specific truck haulage routes to be followed throughout the undertaking, in order to minimize any potential adverse effects on local residents.
4. The Director, Central Region, Ministry of the Environment, shall take steps to ensure that the hauling contractor securely contains all loads in order to prevent spillage and cleans up any spillage that does result from the loading and hauling of the soil.
5. Exemption Order MOE-33 filed as O. Reg. 411/87 is terminated and replaced hereby. O. Reg. 576/87.
